Island Arts and Crafts Society - List of Exhibitors

Editor's note: the following is transcribed directly from a document on file at the Vancouver Art Gallery Library Archives, although of course that document does not include the hyperlinks to artist biographies. Although the document is not dated, vital statistics information is noted as late as 1974. The author of the document is not given. Textual inconsistencies in the original typewritten document have been retained, such as titles of artworks being randomly either in parentheses or not.

In the list below DATES refers to birth or death dates, EXHIBITIONS refers to range of exhibition dates. Vital statistics information is given as listed in the original document, although for artists with biographies in AAEV more comprehensive vital statistics are often provided.

Island Arts Club, 1910-11, Island Arts and Crafts Club, 1911-21, Island Arts and Crafts Society, 1922-1944/45. First annual exhibition September 1910.

Exhibition catalogs, 1910 - 1941, B.C. Archives collection. Photocopies, Vancouver Public Library, Fine Arts and Music Division.

Throughout the years 1910-41 there are numerous printing errors, also various forms of entries for one artist's name.

The catalogs generally listed married women with the husband's initials - Mrs. A.G. Blank, for Mrs. Albert George Blank, not Mrs. Ann Grace Blank. The entry, Mrs. Ada Betty Blank usually, but not always, indicated a widow.

The Victoria and British Columbia directories prior to 1935 listed only "the head of the house" - wives, sons, and daughters were not listed, with the occasional exception for teachers, nurses, artists, or other "professions". A single woman, or widow, who was sole occupant of a house was listed.

The [B.C. Society of Fine Arts](#) / [B.C. Society of Artists](#), and the [Vancouver Art Gallery's](#) annual exhibition of B.C. artists gave more definite identity in their catalogs, and these have been used whenever available for I.A.C.S. members who also exhibited in these two annual exhibitions.

The microfilm of the B.C. Archives Index of Newspapers has been checked - and more accurate details of some names were found, also a number of obituaries.

Where surname only, or surname with initials is all that could be traced, the subject or title of paintings are given to help identify the artist. Every name was checked in the city directories, but many were not listed, though a 5-year span was checked. In other cases several listings of a name prevented accurate, or probably identity.

Biographies of some of the earlier I.A.C.S. artists are in "Early Painters and Engravers in Canada" by J. Russell Harper - **Harper** is noted. Royal Academy exhibitions 1796 - 1904, Algernon Graves, has been checked, and noted **Graves**.

The dates...1913-1917 indicate the first and last years the artist exhibited. Entries, with each year noted, are in the index of Canadian artists, Fine Arts & Music Division, Vancouver Public Library.
