VSDAA / VSA**List of Students & Graduates: 1925 - 1950**

1925-26 was the school's first year of operation.

Students are listed alphabetically by last name.

Years of attendance are based on published references only.

Students may have attended additional years not referenced.

A	<i>Graduation at Art Gallery</i>	1937
	<i>Vancouver Sun review May 28 1937</i>	

Editor's note: only items in **BOLD** above have been referenced in the list below.

Numbered references were published by the art school.

Lettered references were published as noted.

NOTES:

Issues of the Paint Box typically included a complete list of full time students and their addresses. It was produced just before the end of each school year, beginning in June 1926. The Prospectus (with the exception of the first and second issues) typically included pass lists of students and names of prizewinners from the previous school year, and was produced after the school year in preparation for the next year's session. Many part time day and evening students were not listed in any art school publication. In the school's first year of operation, for example, of 268 total students noted in the school Director's annual report to the Vancouver School Board only 86 were listed in the Paint Box in June 1926.

The 1930-31 and 1931-32 Prospectii include complete pass lists per year. The 1934-35 Prospectus includes only graduates and award winners. The 1937-38 Prospectus lists graduates, awards, and merit certificates. The latter are presumably equivalent to a pass for the year, although the student's year is not given in the merit certificate list as it was in the pass lists. The 1944-45 and 1945-46 Prospectii do not list any students at all, although student work is illustrated.

YEARS indicates the date range of publications referencing the artist. There are gaps in the annual editions of both the school's Annual and the Prospectus, and also different ways that students are listed in those publications, leaving many unnamed or without complete records. Graduates and students listed in second or third year may have been attended additional years even if they are not listed here. It is also possible that students may have transferred in from another school and graduated without attending VSDAA for four years. Students might also skip a year of attendance, or repeat a year.

DIPLOMA dates, unless noted otherwise, are taken from five original hand-lettered graduate rolls in the collection of Emily Carr University.

1st year, 2nd year, etc. indicates a PASS for that year of schooling.

Information from a number of the rare Prospectii was provided courtesy of Renee Alexander, the daughter of R.S. Alexander, who collected the documents over the years.
